Davis Magnet School
1998

Now that I am older,
I go to **school**.

I have a **teacher**
at my school.

The teacher takes care of me
and teaches me new things.

There are other **children**
at my school.
We play, work, and
learn together.

I have a **classroom** at my school.

It is indoors where I spend
a lot of time.

In my classroom there is a place
to put my belongings.

There are many activities
for me to do.

There are many things for me to use.

There is a **play yard** at my school.

It is outdoors where I spend
a lot of time.

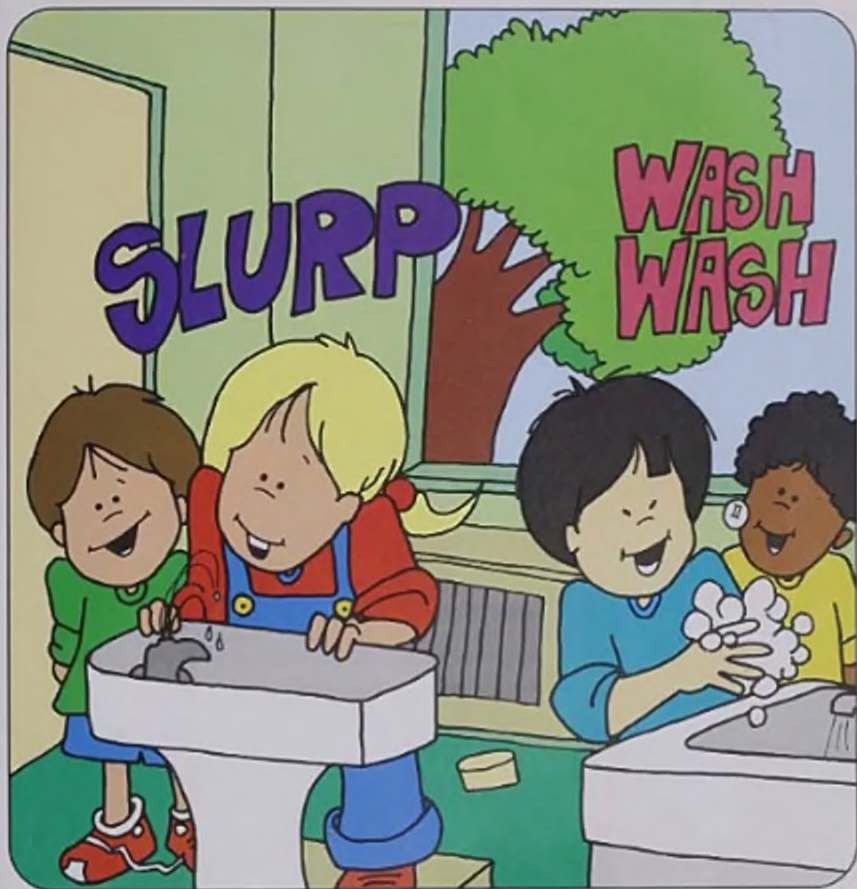

There are many activities to do
in the play yard.

There are many things for me to use.

There is a place where I can
get a drink of water
at my school.

There is also a sink
where I can wash my hands.

There is a place for me
to eat at my school.

There is a place for me
to rest at my school.
I bring my favorite blanket
from home for rest time.

There is a place for me
to go to the bathroom
at my school.

Sometimes I work or play
by myself when I am
at school.

Sometimes I work or play
with a friend.

Sometimes I work or play
with all the other children
when I am at school.

At first I was afraid to go to school.

I was afraid because Mommy
and Daddy would not be there
to take care of me.

Soon I learned that the
teacher would take care of me
when I was at school.

I also learned that I could do
a lot to take care of myself.

At first I was afraid to go to school because I was not sure that anyone would like me. Soon I learned that I could make friends with the people at school. I learned that other children would play with me.

At first I was afraid to go to school because I did not know what was there and what to do. Soon I learned to ask questions. I learned that the teacher and the other children would tell me everything I needed to know about school.

At first I was afraid to go to school because I wondered if Mommy and Daddy would leave me at school and never come back.

Soon I learned that Mommy and Daddy always come to get me at the end of every school day.

School is a special place
for me to go.

It is a place where
I can have fun,
make friends, and
learn many wonderful things.
